Company Overview

Open Market Energy LLC, a State of Maryland LLC, formed in 2007 as a result of Energy Deregulation. Open Market Energy LLC (OME) is a professional energy consulting and brokerage firm founded as a result of energy deregulation. The President is a mechanical engineer with a passion for the energy market and a commitment to providing valued services to clients while maintaining the highest levels of integrity, trust, and honesty. OME consists of over 80 years of mechanical engineering, information management, utility & energy procurement, financial management, and enterprise solutions that offer clients the experience and confidence to recommend and manage their energy portfolio. OME has developed a supplier network consisting of WGL, CNE, Engie, Direct Energy, PPL, UGI and others to ensure the most competitive pricing and products for our clients. OME engages our customers to understand their business goals and energy profile allowing the entire process to be simple & transparent for our clients.

OME has grown to over a dozen energy brokers with an office administrator, marketing team and comptroller over the past 7 years with a client base in the Washington D.C., Pennsylvania, and Maryland. OME's has three employees with over 20 years of experience working for the with energy suppliers and with the local utility companies. OME is currently licensed as a broker/aggregator of electricity in the State of Maryland, Pennsylvania, Ohio and the District of Columbia.

OME provides electric and gas account procurement services and account management for a client profile, which is comprised of commercial businesses and mid-size real estate developers. The clients' energy usage is anywhere from 1 to 50 million kWh per year over multiple accounts. We currently manage over 3,000 electric meters and over 5,000 natural gas meters, serving over 800,000,000 kWhs and 50,000,000 therms. Our clients include Washington Properties, Associated Press, CSPAN and Matan Development. OME has developed significant relationships with the major property managers, industrial customers and government agencies in the Mid-Atlantic region.

Open Market Energy LLC does not supply the electricity or take title to any electricity. As electricity brokers, the only contract is between the suppliers and the customers. OME is entirely compensated by the suppliers we represent.

OME assists and advocates for our customers with any issues (billing, usage, taxation or energy related) that they may have with the utility or supplier as it relates to energy procurement. Customers can reach out to their account manager at any time for assistance, either contacting them directly or using our toll-free number. OME defers to existing fair dispute resolution procedures that utilities/suppliers have in place.
